

Our Ref: IS/LKT(BLR)/LD06/15

6 February 2015

The Company Secretary
(Listed Corporation)

Advisers

Dear Sir/Madam,

**BURSA MALAYSIA SECURITIES BERHAD (the "EXCHANGE")
INTRODUCTION OF THE EXCHANGE'S NEW LISTING INFORMATION NETWORK SYSTEM
("NEW BURSA LINK")**

Further to our letter dated 8 January 2015 in relation to the above, the Exchange wishes to advise Bursa LINK users of the following:

1) Updated information of public listed companies

In order for the New Bursa LINK to capture the latest information of all public listed companies ("Listed Issuer"), each Listed Issuer is required to update the Exchange with the latest information of the company including information of its directors, company secretary (internal & external) as well as its Sponsor, if any (if it's an ACE Market company). Listed Issuers are required to provide the information as attached in Appendix I and e-mail the information to the contact persons stated below by 20 March 2015.

2) Basic House-keeping before implementation of the New Bursa LINK

As the New Bursa LINK system would be adopting a new technology or platform, all historical released announcements will not be retrievable from the New Bursa LINK system. As such, LINK users who need to retain their historical released announcements are advised to back-up the announcements either by way of converting these announcements into pdf-format or printing hardcopies.

3) Information on submitting external company secretary or adviser

The Exchange notes that there have been cases where a LINK user, using a Listed Issuers' ID to release an announcement, had entered information of its external company secretary or adviser where it should have been left blank. Information is to

be entered in the respective field only if an external company secretary or adviser is releasing an announcement on behalf of a Listed Issuer.

As such, the Exchange wishes to remind LINK users that where a Listed Issuers' ID is being used to release an announcement to the Exchange, the field on information of its external company secretary or adviser should not be filled. This will continue to apply under the New Bursa LINK.

4) Requisite information technology infrastructure

As informed in our letter dated 8 January 2015, all LINK users would be required to have the requisite information technology infrastructure (hardware and software) in place to ensure that it will be ready to utilise the New Bursa LINK. As the Exchange would be conducting briefings to LINK users on the application of the New Bursa LINK, all LINK users are reminded to have the requisite information technology in place before they attend the briefing sessions which would be conducted in March 2015.

Further details of the New BURSA LINK together with the dates for which the briefings will be conducted will be communicated in due course.

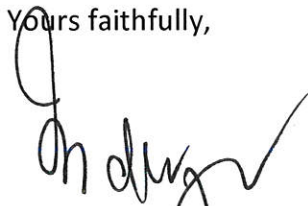

CONTACT PERSONS

In the meantime, should you have any enquiries on the above, please contact any of the following persons:

(i) Roseliliwati Md Ghazali	Liliwati@bursamalaysia.com	03-2034 7006
