Bursa LINK Users

Dear Sir/Madam,

BURSA LINK TEMPLATES' ENHANCEMENT

As part of our on-going efforts to improve services to Bursa LINK users, we have enhanced the Bursa LINK system to display the form version in all types of announcements to ensure that users are using the latest / enhanced version for submission of announcements.

The details of this enhancement are as follows:

- The form version will be displayed in the announcement header i.e. Form Version 4. If the form is the latest version, it will display the word "(Enhanced)" i.e. Form Version 4 (Enhanced). When there is an enhancement to that announcement template, the old form version will be "Form Version 4" and the latest form version will be "Form Version 5 (Enhanced)".

Please refer to the Appendix I to view the latest form version for all types of announcements.

- System will prompt if the user tries to make a copy of the old version of the announcement template.
- The system will prompt that the announcement template is not the latest form version when a submission is made using the old form version.

This enhancement will be **available from Monday, 26th April 2010**. Users will be able to obtain the enhancement as follows:

a) CLIENT R7 USER

- Users are required to perform a synchronization procedure from the effective date above.
- The procedure can be obtained via Bursa LINK Bulletin Board webpage at <http://www.bursamalaysia.com/website/bm/bursalink.html> - Select "Document" tab and refer to Client R7 Sync Procedure
- Users that have data entry PC might require assistance from your IT support to perform the above procedure
