Dear Sir/Madam

**BURSA LINK SYSTEM UPDATE**

We refer to the above.

In our continuous effort to further improve Bursa LINK, we have enhanced the system to ensure a smooth and efficient operation especially during peak periods. The changes involve the reassignment of IP addresses in accessing the Bursa LINK servers. As this is an update involving only system files, there are no changes made to any announcement templates.

You may obtain the download procedures via our webpage at: [http://www.bursamalaysia.com/website/bm/download\\_procedures.html](http://www.bursamalaysia.com/website/bm/download_procedures.html) (**only available from 11<sup>th</sup> May 2007**)

However, the downloading activity is only available from **14<sup>th</sup> May 2007 until 18<sup>th</sup> May 2007**. You may download between **8:45am to 4:30pm** to avoid any interruption to the users in submitting announcements after 5:00 p.m.

**(Note: All downloading must be completed by 18<sup>th</sup> May 2007 to ensure that there is no interruption to your Bursa LINK system)**
